**Robert E. Taylor:
A Decade Of Magic**

The Annual Staff proudly dedicates the 1985-86 *Cicerone* to Robert E. Taylor. He has served as principal of Ennis High School for ten years and has earned the respect of both the faculty and student body. He is undoubtedly one of the most popular principals in the history of EHS and will be missed when he leaves his duties at Ennis High to become an assistant superintendent.

Our Precious Lives

We never realize how much we love someone
until he is gone.

It's really difficult to understand.
But the loss of someone always tends
to bring people closer to hand.

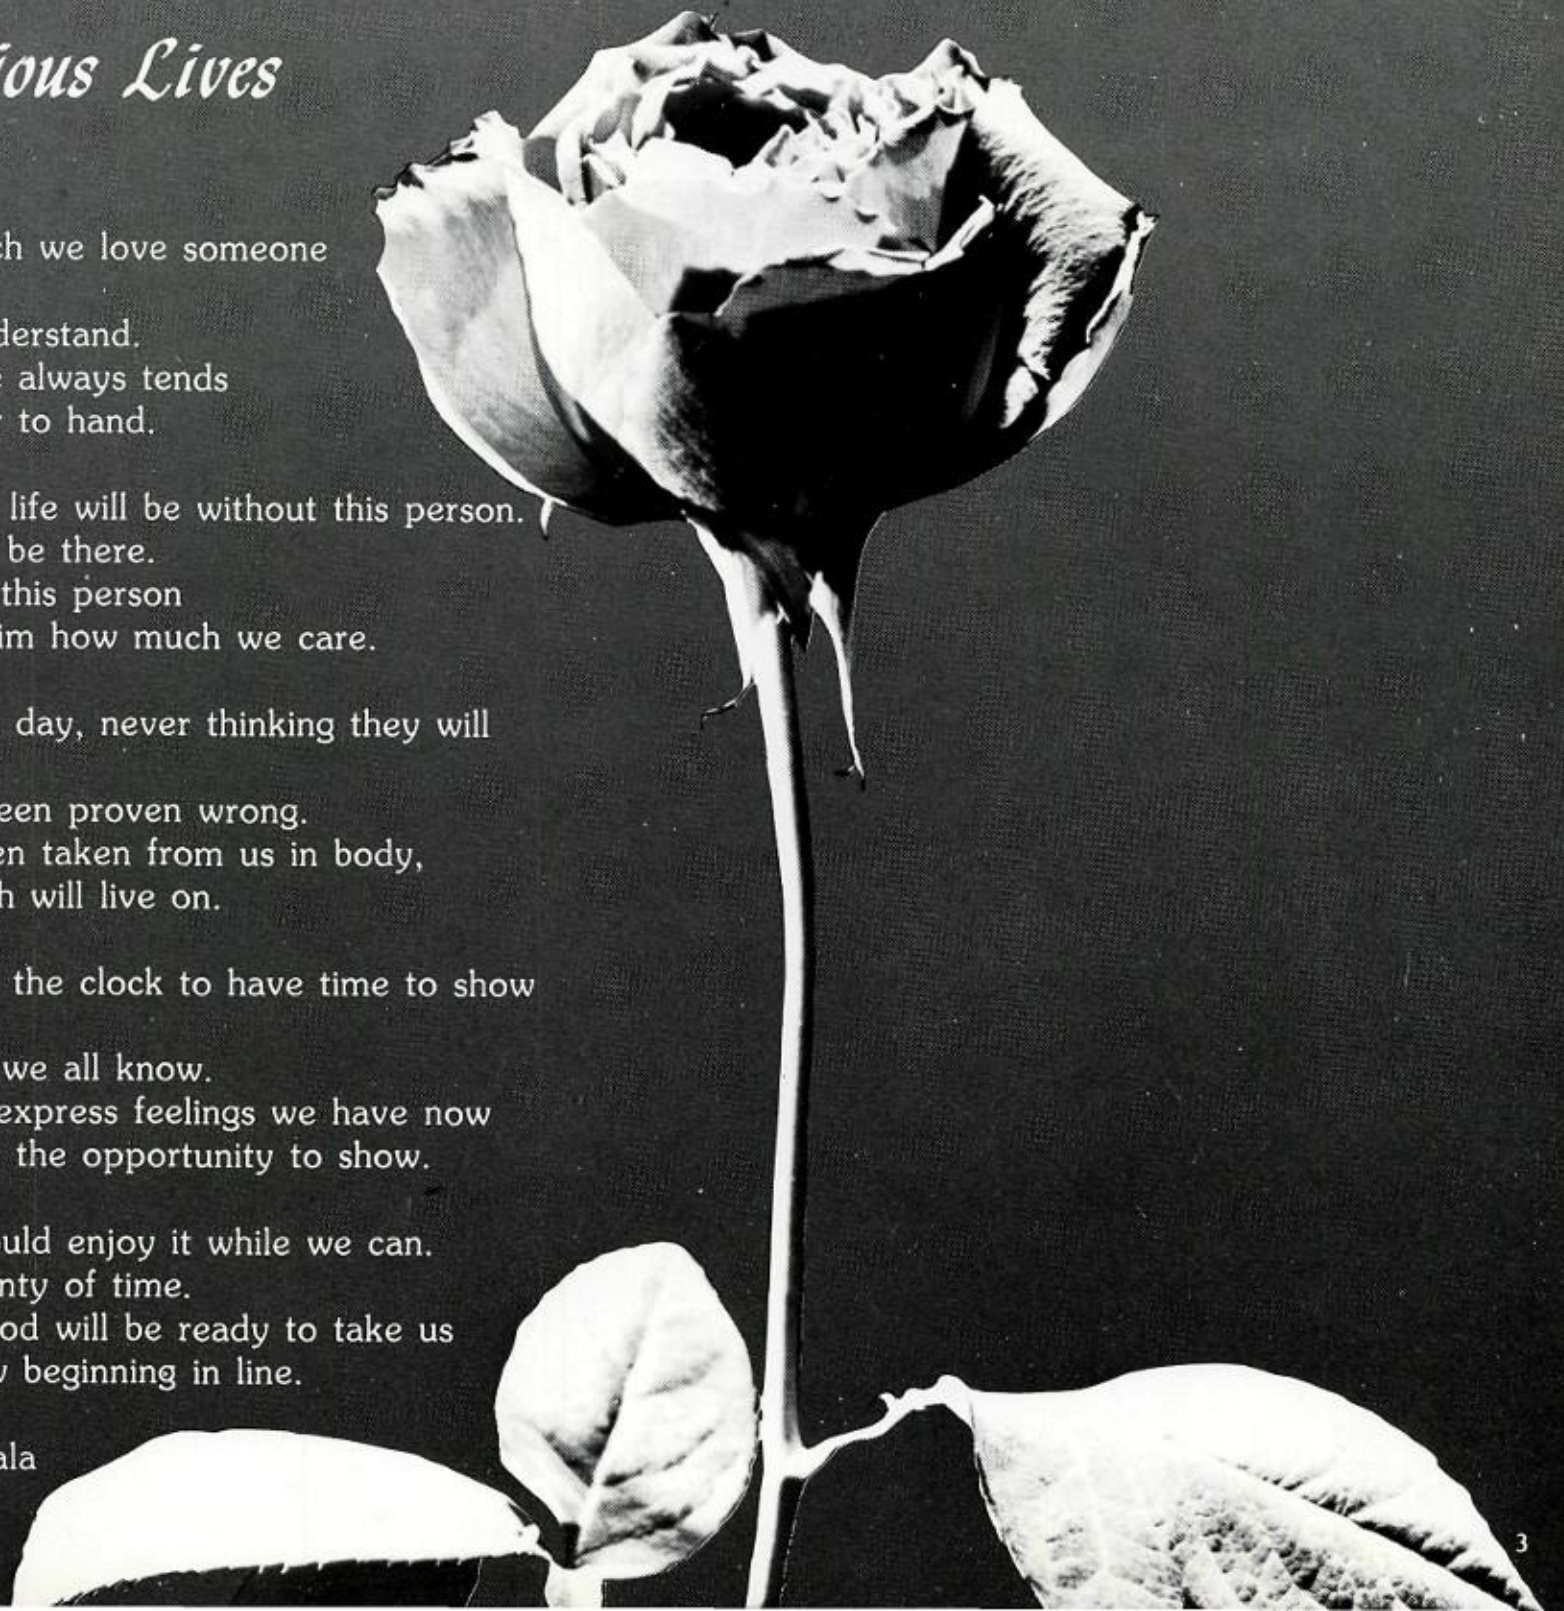

We don't think about how life will be without this person.
We think he will always be there.
So why bother showing this person
how much we need him how much we care.

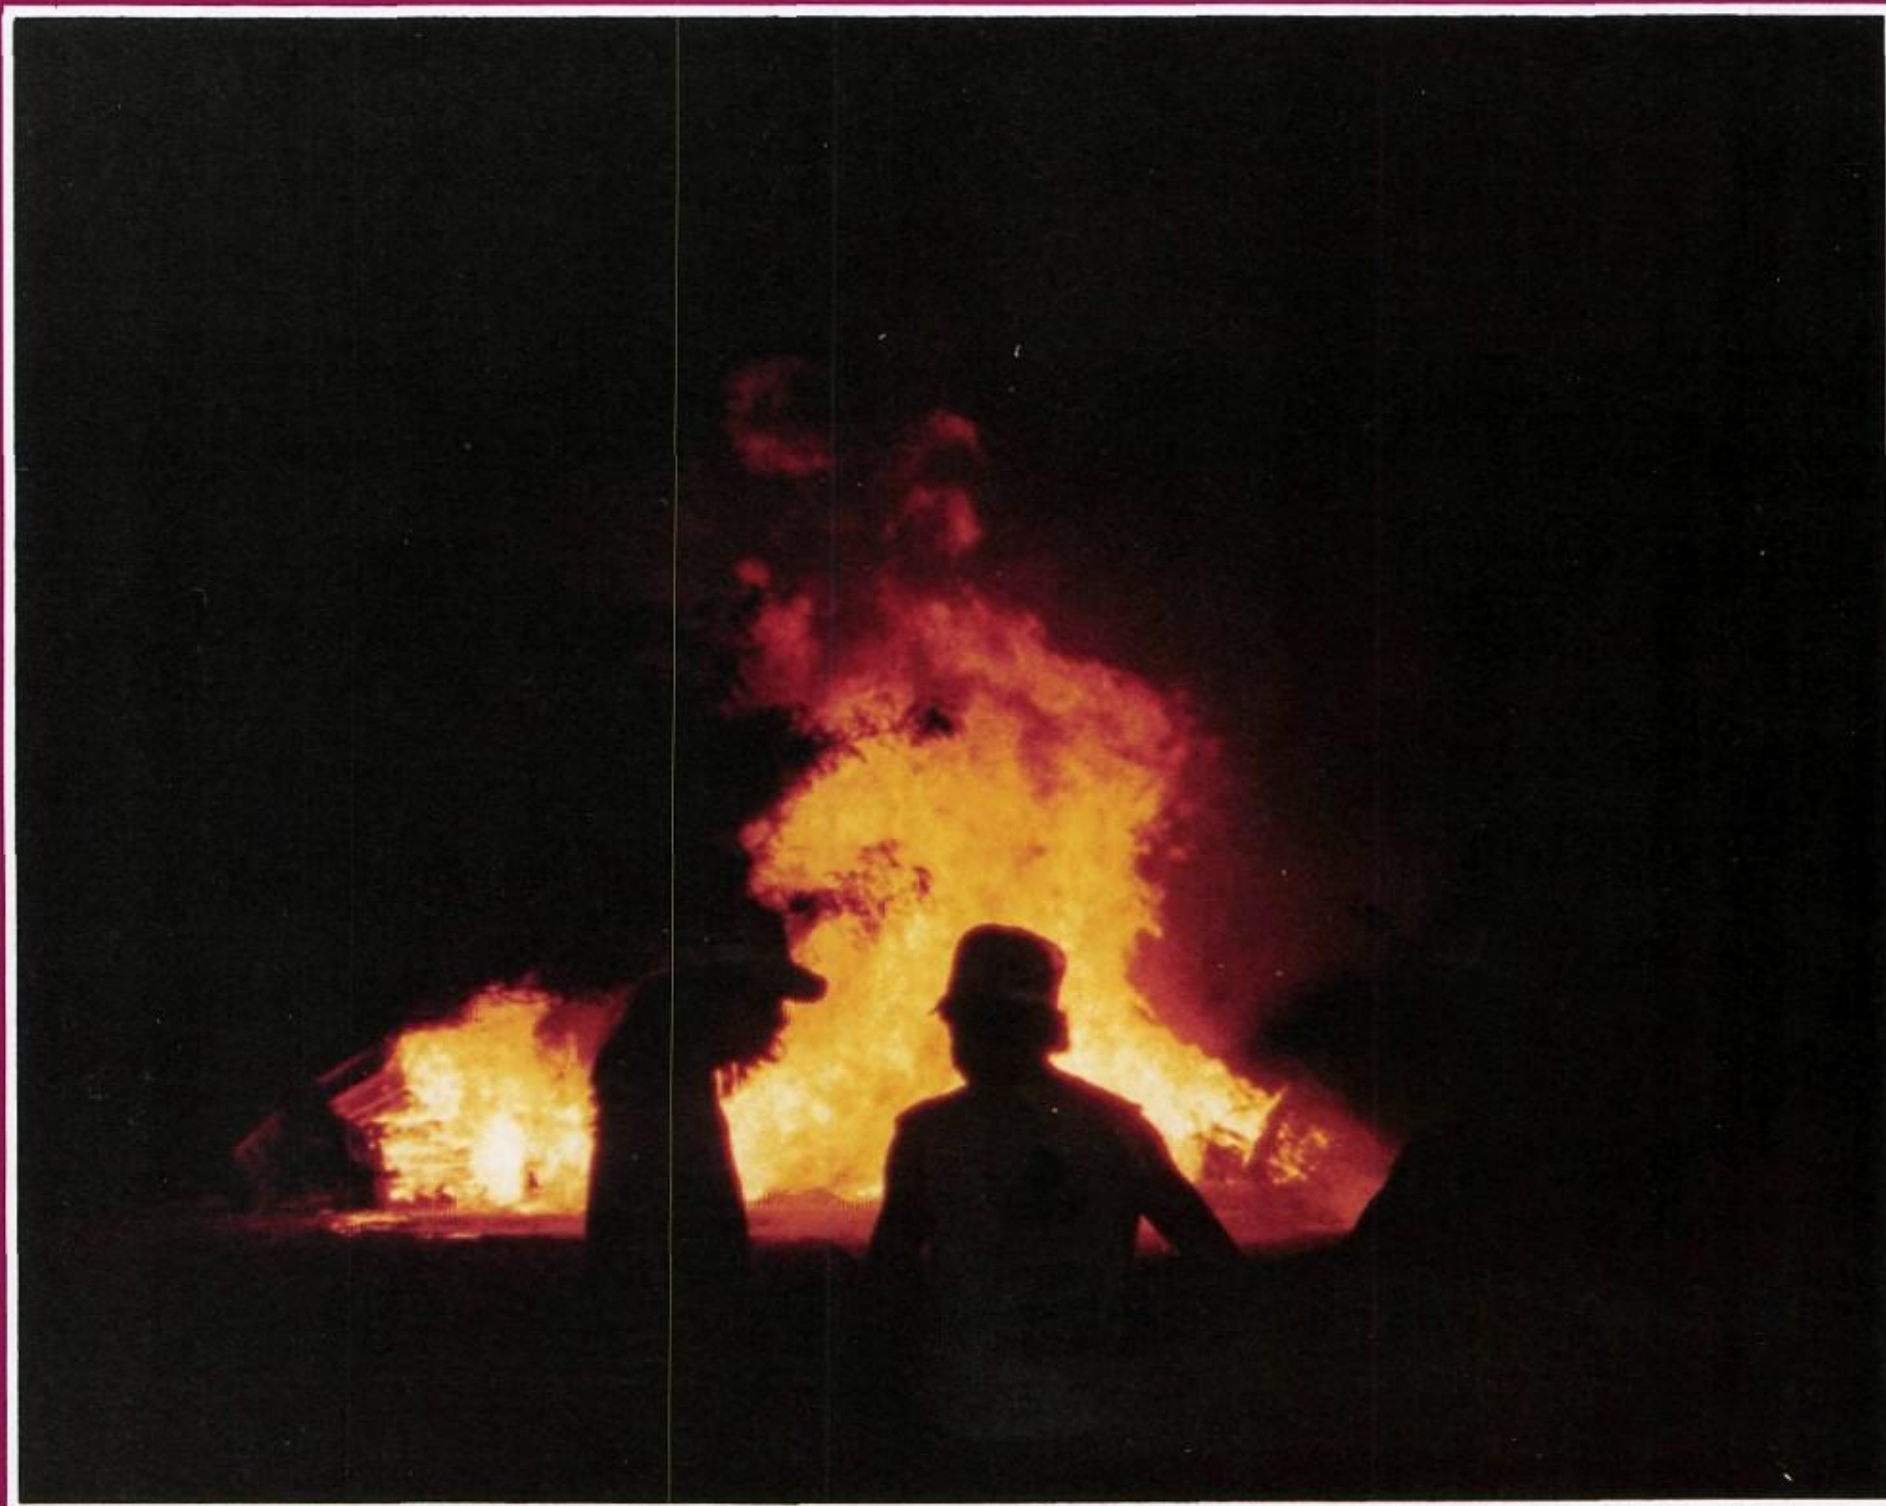

Hearing of tragedies every day, never thinking they will
happen here.
Well recently that has been proven wrong.
Several people have been taken from us in body,
but in our hearts, each will live on.

Wishing we could set back the clock to have time to show
our feelings.
But that's impossible as we all know.
That's why we need to express feelings we have now
While we're still given the opportunity to show.

Life is so precious; we should enjoy it while we can.
Don't think we have plenty of time.
We never know when God will be ready to take us
and have a whole new beginning in line.

By: Colleen A. La Scala

Maroon And White

Ennis, ole Ennis, we'll stand by thee,
Faithful and loyal we will ever be,
True to thy colors that stand for right,
Loyal sons and daughters of Maroon and White.
We will always face the conquest with spirits bold
Laurels for ole Ennis High will be our goal.

Homecoming Queen 1985 Lana McCorvey

In the midst of a savage football game, a ceremonious gathering of beautiful young ladies and handsome young men took place. During this very wet Friday night, the sold out home crowd saw Lana McCorvey crowned Homecoming Queen at halftime of the Corsicana-Ennis game. The joyous ceremony took place while the Ennis band played a moving version of "Endless Love." As for the game itself, the Lions shocked the state ranked Tigers by leading at halftime 6 to 0. Unfortunately, Ennis fell short at the end of the game with a score of 13 to 6. This was the 28th annual Homecoming for Ennis High School.

You can help.

You've heard a lot about the need to conserve electricity and all forms of energy. Not only does conservation help save our nation's precious energy resources, it helps you and

savings

your family save money since the cost of energy is a big chunk out of most families' budgets.

You can help your family by doing your part... make sure you close doors and windows

Larry,

You are the finest, sweetest, and nicest boyfriend a girl could ever hope for. I really have enjoyed all the good times we have shared together and I plan on making many more for us to enjoy. To me you are very special and in my heart you shall always remain. The way we both feel about each other now will probably lead us to that big step in life and I know that we will never ever be apart. Because our feelings are too strong to let go of, then I guess we will always be together. Always remember that I care about you and I always will. I make a promise to you that I am going to keep which is I will always as long as I shall live love only you. There is no doubt in my mind that my feelings will ever change. Just think it'll be one year Christmas and I plan on being with you longer than that - forever. I would like to thank you for putting up with me when I'm at my worst, for loving and caring for me whenever I call your name, and for most of all making me realize how I am to you and others, and thanks for never lying to me. I will never forget all the things you've done for me and have given to me and I plan on cherishing all of these in my heart. Since we both feel the same for one another then I guess will always be together and that is what I want very badly. Even though I do or say something I don't mean you have to know that I love you so very much, and I never mean to hurt you or make you feel bad. Well I can't wait till I graduate because then we can always be together and I will have you with me always. Well I guess I have said everything I can think of, so now I guess I will stop. Always stay the way you are now - sweet, nice, easy to talk to and get along with. I wish you all the luck in world and I hope you get all you want in life because you deserve it. I love you a whole lot.

Love only you,

KIM
